Dale of Norway

Commemorative Collection

The 2010 Olympic Winter Games are returning to North America. Help us celebrate athletic excellence & the Olympic spirit with the five designs featured here.

The patterns in this book are being offered to hand knitters for the first time; these sweaters were originally created for the Canadian Alpine Ski Team, from Lake Louise 2001, to Notre Dame 2002, Mt. Robson 2003, Le Massif 2004, and to Whistler 2005. The athletes of the Canadian Alpine Ski Team wore these sweaters at press conferences, interviews & special events.

Make these classic Dale of Norway designs in either Heilo or Falk. You can find these yarns at your local authorized Dale yarn shop.

Nature, history and culture are defining elements of many Dale of Norway patterns. This collection of five designs is no exception - here you'll see many of the motifs associated not only with skiing but also the ruggedly beautiful Canadian landscape.

Snow and mountains dominate all five designs. The drama and elemental beauty of the landscape are inescapable, from Mount Robson, highest peak in the Canadian Rockies and UNESCO World Heritage Site, and Whistler in British Columbia to Lake Louise (named for Princess Louise Caroline Alberta, fourth daughter of Queen Victoria) in Banff National Park west of Calgary to the eastern gems of Le Massif, part of an UNESCO World Biosphere Reserve, and Notre Dame in Quebec. Concern for the natural beauty of the mountains has resulted in the careful development and preservation of these and other areas.

The maple leaf, long a proud symbol of Canada, is also evident in the designs of Whistler and Lake Louise.

These designs stem from a long tradition of excellence and strong commitment to performance. As you sit down to knit the patterns in this book, you'll also be celebrating both the tradition and the commitment, all in the spirit of the Olympic Games!

NORWEGIAN PATTERNS

Most Norwegian knitting designs, especially those involving color work, are symmetrical in nature along central stitches of both front and back. Thus, due to the complexity of Norwegian patterning, an even number of repeats often does not occur as in Fair Isle knitting; the knitter is instructed to place markers at specified points in the work, marking the patterns' side edges. It is important to take care when reading instructions and charts to keep the designs centered on both the garment's front and back. To work from a Norwegian pattern graph begin at the first marker (left side of front for pullovers or right front opening for cardigans) with the stitch marked "Beg here" on the graph and work to the next marker (right side of front/back for pullovers and cardigans). Work the back of the body, beginning again as instructed on the graph. For pull-overs, complete the round or for cardigans, work to the next marker and begin the left front so that the left front is a mirror image of the right front. The pattern will be centered on both front and back of the garment, matching at the shoulders.

SIZES & GAUGE

Study the finished measurements listed in the pattern; the smallest size is listed first on both the graphs and in the pattern instructions. Many of the designs are generously sized, especially the unisex sweaters, so it is important to choose the size that will fit properly.

It is important to maintain the correct gauge while knitting because the finished measurements and shape of your garment are completely dependent upon gauge. If you knit looser than the gauge given in the pattern instructions, try needles one size smaller. If you knit tighter, try needles one size larger.

Work Pattern I, placing center st of graph at center of sleeve. Beg Main Pattern, placing center st of graph at center of sleeve. AT THE SAME TIME, inc 1 st at the beg and end of every fourth rnd 10/10/12/10/12/8 times, then every third rnd 20/22/20/24/22/28 times, leaving 2 sts between inc sts and working inc sts into pattern. In the meantime, when sleeve measures approx $9\frac{1}{4}$ "(10", $10\frac{5}{8}$ "," 11 "," $11\frac{3}{8}$ "," $11\frac{3}{4}$ ")/23.5cm(25.5cm,27cm,28cm,29cm,30cm) from fold line, end as shown on graph. Work Pattern III, placing center st of graph at center of sleeve, and cont rem inc as set(115/119/123/127/131/135 sts). P 5 rnds with CC2, then C OFF loosely. Make second sleeve to match.

FINISHING: Lay body and sleeves out to finished measurements and steam lightly; do not steam ribs. Fold lower edges of body and sleeves to inside along fold lines and sew loosely to WS, leaving an opening at lower right side of body to insert shock cord. With blunt tapestry needle threaded with appropriate colors, work pattern at center of front, back and sleeves in Duplicate St embroidery. Lay sleeves flat and measure width at top of sleeves below facings. Mark this width on each side of body from shoulders down for armholes. Sew 2 machine seams, 2 sts out from where side markers were placed and across bottom of the 4 sts for armhole openings, and along both sides of placket opening. Cut between the pairs of machine stitching, being careful not to cut stitching at bottom of armholes. Sew front and back tog at shoulders as shown on page 1.

NECKBAND: With smallest cir needle, CC1 and with RS facing, pick up 12 sts per 2" (5cm) along neck edge using a crochet hook ½-metric size smaller than needles to pick up an odd number of sts k-wise. Working back and forth, beg with a WS row. Beg with row 2 and work Neckband Pattern, placing center back of pattern at center back of neck. K 1 row on WS for fold line, then work 3 rows of St st. Beg k1, p1 rib and work until neckband measures approx 1⁵/₈" (4cm) from fold line. C OFF loosely in rib.

PLACKETS: With smaller dp or cir needles, CC1 and with RS facing, pick up sts along one side of placket opening, 1 st in on body side from machine seams, and end of neckband to fold line in same manner as neckband. Working back and forth, beg with a WS row and work 3 rows of St st. P 1 row on RS for fold line. Work 3 rows of St st, then C OFF loosely. Work placket along other side of placket opening to match. Fold plackets to inside along fold lines, covering cut edges, then sew neatly to WS. Neatly sew ends of placket closed, and lower ends to C OFF edge at beg of placket opening.

ZIPPER: Pin zipper into placket opening, placing top of zipper just below neckband fold line, and with edges of plackets meeting at center of zipper. Neatly sew zipper to body along placket pickup rows. Thread shock cord through stopper, then through casing at bottom of body, beg both ends at left side. Securely sew ends of cord tog. Slip cord under casing, then sew rem opening closed. Fold neckband to inside along fold line and sew loosely to WS. Sew ends of neckband to back of zipper tape, making sure zipper will slide past edge of neckband. Pin sleeves into armholes, placing center sts of sleeves at shoulder seams, then neatly sew sleeves to body as shown on page 1. On inside, turn facings toward body, covering cut edges, then loosely sew facings to WS.

Join and, working in the rnd, mark beg of rnd and work 1 $\frac{1}{8}$ " (3cm) of k1, p1 rib. K 3 rnds, then p 1 rnd for fold line. Change to middle size dp needles and work Pattern I, placing center st of graph at center of sleeve and inc 5 sts evenly spaced across first rnd (55/55/59/59/63/63 sts). Beg St st with MC and, AT THE SAME TIME, inc 1 st at the beg and end of every fourth rnd 28/29/30/30/31/32 times, then every other rnd 2/3/2/4/3/4 times, leaving 2 sts between inc sts. In the meantime, when sleeve measures approx 16 $\frac{1}{8}$ " (17", 17 $\frac{3}{8}$ ", 17 $\frac{3}{4}$ ", 18 $\frac{1}{8}$ ", 18 $\frac{1}{2}$)/41cm (43cm, 44cm, 45cm, 46cm, 47cm) from fold line, work Pattern I in reverse order (from rnd 17 to rnd 1), placing center st of graph at center of sleeve and work rem inc as set (115/119/123/127/131/135 sts). FINISHING: Lay body and sleeves out to finished measurements and steam lightly; do not steam ribs. Fold lower edges of body and sleeves to inside along fold lines and sew loosely to WS, leaving an opening at lower right side of body to insert shock cord. Lay sleeves flat and measure width at top of sleeves below facings. Mark this width on each side of body from shoulders down for armholes. Sew 2 machine seams, 2 sts out from where side markers were placed and across bottom of the 4 sts for armhole openings, and along both sides of cutting sts at front placket opening. Cut between the pairs of machine stitching, being careful not to cut stitching at bottom of armholes. Sew front and back tog at shoulders as shown on page 1. Thread blunt tapestry needle with appropriate colors and work Duplicate St embroidery on front and back.

NECKBAND: With smallest cir needle, MC and with RS facing, pick up 12 sts per 2" (5cm) along neck edge using a crochet hook $\frac{1}{2}$ -metric size smaller than needles to pick up an odd number of sts k-wise. Working back and forth, beg with a WS row and work Pattern IV, placing center st of graph at center back of neck. P 1 row on RS for fold line. Work 1 $\frac{1}{8}$ " (4cm) of k1, p1 rib, then C OFF loosely in rib.

PLACKETS: With smaller dp or cir needles, MC and with RS facing, pick up sts along one side of placket opening, 1 st in on body side from machine seams, and end of neckband to fold line in same manner as neckband. Working back and forth, change to CC3. Beg with a WS row and p 1 row. Change to CC2 and k 1 row. Change to MC and p 1 row. P 1 row on RS for fold line. Work 3 rows of St st, then C OFF loosely. Work placket along other side of placket opening to match. Fold plackets to inside along fold lines, covering cut edges, then sew neatly to WS. Neat sew ends of placket closed, and lower ends to C OFF edge at beg of placket opening, with fold lines meeting at center of opening.

ZIPPER: Pin zipper into placket opening, placing top of zipper just below neckband fold line, and with edges of plackets meeting at center of zipper. Neatly sew zipper to body along placket pick up rows. Thread shock cord through stopper, then through casing at bottom of body, beg both ends at left side. Securely sew ends of cord tog. Slip cord under casing, then sew rem opening closed. Fold neckband to inside along fold line and sew loosely to WS. Sew ends of neckband to back of zipper tape, making sure zipper will slide past edges of neckband. Pin sleeves into armholes, placing center sts of sleeves at shoulder seams, then neatly sew sleeves to body as shown on page 1. On inside, turn facings toward body, covering cut edges, then loosely sew facings to WS.
